Giving students the freedom to fly

By teaching skiing and snowboarding to children and youth with physical and mental disabilities, Ontario Track 3 Ski Association helps them discover ability and joy. That's "The freedom to fly". There's no better feeling than seeing how that freedom brings a smile to a child's face.

You can give students the freedom to fly.

VOLUNTEERS

Everyone at Track 3 is a volunteer. You can join our family of more than 450 directors, instructors, assistants and support staff. Experience the joy of helping students discover ability through the magic of snow sports.

TRAINING

Safety, Fun, Learning. That is the Track 3 mantra. All Track 3 instructors have a minimum of 2 days of indoor and 2 days of on-hill training.

MORE THAN 100 CHILDREN ARE WAITING

That's how many are on the Track 3 waiting list. The more volunteers we have, the shorter that list becomes. If your skiing or snowboarding skills are not strong enough, but you'd still like to volunteer, please call us. We'll find a place for you in our family. You have no idea how much the children will appreciate your help.

Some important facts you should know about Track 3:

- over 220 students each winter
- over 450 volunteer program directors, instructors, assistants and support staff
- 16 programs at 16 locations.
- average cost of \$1,650 to put each student on the hill
